Waivers/Special Conditions

During equipment tests, authorized by Section 73.1610 of the Commissions Rules, the permittee shall take
adequate measures to identify and substantially eliminate objectionable interference which may be caused to
existing land mobile radio facilities in the 460 to 470 MHz band. Documentation that objectionable interference
will not be caused to existing land mobile radio facilities shall be submitted along with the request for Program
Test Authority. Program tests shall not be commenced under Section 73.1620(a) of the Commissions Rules
and may only be started after specific authority is granted by the Commission. An application for a license
must be filed within 10 days after the start of program tests.

Subject to the provisions of the Communications Act of 1934, as amended, subsequent acts and treaties, and all regulations heretofore or hereafter made by this Commission, and further subject to the conditions set forth in this permit, the permittee is hereby authorized to construct the radio transmitting apparatus herein described. Installation and adjustment of equipment not specifically set forth herein shall be in accordance with representations contained in the permittee's application for construction permit except for such modifications as are presently permitted, without application, by the Commission's Rules.

Equipment and program tests shall be conducted only pursuant to Sections 73.1610 and 73.1620 of the Commission's Rules.
